# Nordic Hematology Debate

Advances in treatment of Chronic Lymphocytic Leukemia, Waldenström Macroglobulinemia, Multiple Myeloma and Mantle Cell Lymphoma

21–22 March 2019, Stockholm Waterfront Congress Centre, Stockholm, Sweden

This 1.5-day meeting will cover the latest advances in the treatment of Chronic Lymphocytic Leukemia, Waldenström Macroglobulinemia, Multiple Myeloma and Mantle Cell Lymphoma.

The meeting will consist of state of the art lectures on the latest therapeutic options. After each lecture there will be therapeutic area specific workshops to discuss current treatment practices, complex patient cases and recent clinical study results. There will also be a pros/cons debate including mingle session and finally a plenary session on the basic principles regarding new immunomodulatory treatments against hematological malignancies.

The meeting is targeted towards physicians within hematology and oncology with interest to learn more about Chronic Lymphocytic Lymphoma, Waldenström Macroglobulinemia, Multiple Myeloma and Mantle Cell Lymphoma.

Register online, no later than 20 February 2019
