Magnus Björkholm

Karolinska University Hospital Solna

Lipus has reviewed and approved this course.

Full course description available at www.lipus.se (Lipus-nr: 20200140)

The seminar is supported by

Celgene |  Bristol Myers Squibb™
Company

In 2021, the Karolinska Hematology Seminar is organized for the nineteenth time.

The seminar is a two-day meeting with the aim of offering State of the Art lectures by internationally leading experts in selected hematological areas.

The lectures are followed by interesting discussions and exchanges of experience between participants and lecturers.

Welcome!
