

# Karolinska Hematology Seminar XX

## September 8-9, 2022 at Steningevik (Hybrid)

In 2022, the Karolinska Hematology Seminar is organized for the twentieth time.

The seminar is a two-day meeting with the aim of offering State of the Art lectures by internationally leading experts in selected hematological areas.

The lectures are followed by interesting discussions and exchanges of experience between participants and lecturers.

**Welcome!**
